

ENGR2302-601 – Engineering Dynamics

Room: B032, Lubbock Downtown Campus

T/R: 4:00 PM – 5:45 PM

Contact

Instructor: Mr. Vargas

Email: evargas@southplainscollege.edu

Phone: (806) 716-4673

Office Hours

M/W: 8:00 AM – 10:45 AM

Levelland Campus, **M101**

F: 8:00 AM – 10:30 AM

Lubbock Downtown Center, **B032**

Description

Basic theory of engineering mechanics, using calculus, involving the motion of particles, rigid bodies, and systems of particles; Newton's Laws; work and energy relationships; principles of impulse and momentum; application of kinetics and kinematics to the solution of engineering problems.

Supplies

1. Pencils, erasers, and paper.
2. Non-graphing calculator.
3. *Engineering Mechanics: Dynamics, 15th edition* by R.C. Hibbeler
 - o ISBN: 9780134819570
 - o Mastering Engineering Inclusive Access purchased from Bookstore OR online – **Required;**

Grading

A: 90-100	Pass – Excellent Performance
B: 80-89	Pass – Good Performance
C: 70-79	Pass – Satisfactory Performance
D: 60-69	Depends – Less than Satisfactory
F: 0-59	Fail – Unsatisfactory Performance

Weights

Homework	20%
Exams (4)	15% each
Final Exam	20%
Total	100%

Homework

Assigned through **Mastering Engineering**.

1. Physical homework is not required to turn in.
2. Due Dates are displayed in **Mastering Engineering** and the **Course Calendar**.
3. Unlimited try attempts before the due date without penalty.
4. Assignments cannot be made up after the due date has passed.

Exams cover topics stated in the Calendar. Students are required to handwrite and complete all problems by showing step-by-step calculations that lead to the solution(s) or graphs.

Examinations

1. Closed book and notes. Full class time available. – **Unprogrammable scientific calculators only!**
2. The Final Exam is comprehensive, covering any or all topics in the semester.
3. Exams cannot be made up if missed. **The Final Exam may replace your lowest scored exam.**
4. Final Exam is scheduled @ **Thursday, May 9, 1:00 PM – 3:00 PM**
5. **Failure to attempt the Final Exam will result in a failing grade for the course regardless of current grade.**
6. **Extra Credit** is offered on every exam by solving an additional problem! (up to 10%)

Class Policies and Information

Disclaimer: The instructor reserves the right to alter any class policies/dates as deemed necessary by the instructor. If there are any changes, they will be announced over Blackboard and via your SPC email.

Attendance Policy

The student is expected to **submit at least eighty percent (80%)** of the class assignments to have the best chance of success. If the student fails to meet these minimum requirements, the instructor can remove the student from the class.

Pearson – MyLab Math

Students are expected to purchase **Pearson's MyLab Math** from the bookstore OR online through Pearson. It is a **required** course material item. **The textbook is not required.** A 14-day free trial period is offered if the student needs extra time to purchase the software. Students must have full access to the software by the second week of class. Instructions can be found [here](#).

Office Hours

Office hours will be held at the listed times. Please come prepared with questions and examples of the attempted problem(s)

South Plains College Email Policy

The instructor will respond to all emails **within 36 hours** during the week day. Emails sent after 5:00 PM on Fridays may not be answered until the following Monday morning.

Drop/Withdrawal

Students should submit a [Student Initiated Drop Form](#) online to drop from the course. If the student wishes to withdraw from this or more courses, the student needs to contact the Advising Office.

Wellness Statement

If you are experiencing any of the following symptoms, please do not attend class and either seek medical attention or get tested for COVID-19.:

- Cough, shortness of breath, difficulty breathing
- Vomiting or diarrhea
- Fever or chills
- New loss of taste and smell
- Muscles or body aches

Please also notify DeEtte Edens, BSN, RN, Associate Director of Health & Wellness, at 806-716-2376 or dedens@southplainscollege.edu

ENGR2302.601 Calendar		
Week	Lesson	
1	Jan 16 Jan 18	12. Kinematics of Particles: 12.2-12.9
2	Jan 23 Jan 25	
3	Jan 30 Feb 1	13. Particle Kinetics: Force/Acceleration: 13.1-13.5
4	Feb 6 Feb 8	Exam #1; Homework 12 and 13 Due @ 11:59 PM
5	Feb 13 Feb 15	14. Particle Kinetics: Work and Energy: 14.1-14.6
6	Feb 20 Feb 22	15. Kinetics of a Particle: Impulse and Momentum: 15.1-15.7
7	Feb 27 Feb 29	Exam #2; Homework 14 and 15 Due @ 11:59 PM
8	Mar 5 Mar 7	16. Planar Kinematics of a Rigid Body: 16.1-16.3
March 11-15: Spring Break – All campuses closed.		
9	Mar 19 Mar 21	16. Planar Kinematics of a Rigid Body: 16.5-16.7
10	Mar 26 Mar 28	17. Planar Kinematics of a Rigid Body: Force and Acceleration: 17.1-17.5
11	Apr 2 Apr 4	Exam #3; Homework 16 and 17 Due @ 11:59 PM
12	Apr 9 Apr 11	18. Planar Kinetics of a Rigid Body: Work and Energy: 18.1-18.5
13	Apr 16 Apr 18	19. Planar Kinetics of a Rigid Body: Impulse and Momentum: 19.1-19.4
14	Apr 23 Apr 25	Exam #4; Homework 18 and 19 Due @ 11:59 PM
April 25: Last day to drop Spring courses		
15	Apr 30 May 2	22. Vibrations: 22.1-22.2
16	May 9	May 2: Final Exam Review May 9: Final Exam 1:00 PM – 3:00 PM

South Plains College
Common Course Syllabus: ENGR 2302
Revised December 2022

Department: Mathematics, Engineering, and Computer Science

Discipline: Engineering

Course Number: ENGR 2302

Course Title: Engineering Mechanics - Dynamics

Available Formats: conventional

Campuses: Downtown Center

Course Description: Basic theory of engineering mechanics, using calculus, involving the motion of particles, rigid bodies, and systems of particles; Newton's Laws; work and energy relationships; principles of impulse and momentum; application of kinetics and kinematics to the solution of engineering problems.

Prerequisite: Successful completion of 'C' or better in ENGR 2301

Credit: 3 **Lecture:** 3 **Lab:** 1

Textbook:

Supplies: Please see the instructor's course information sheet for specific supplies.

This course partially satisfies a Core Curriculum Requirement: None

Core Curriculum Objectives addressed:

- **Communications skills**—to include effective written, oral and visual communication
- **Critical thinking skills**—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
- **Empirical and quantitative competency skills**—to manipulate and analyze numerical data or observable facts resulting in informed conclusions

Student Learning Outcomes: Upon completion of this course and receiving a passing grade, the student will be able to:

1. Express dynamic quantities as vectors in terms of Cartesian components, polar coordinates, and normal-tangential coordinates.
2. Compute mass moments of inertia for systems of particles and rigid bodies.
3. Solve kinematic problems involving rectilinear and curvilinear motion of particles.
4. Solve kinetic problems involving a system of particles using Newton's Second Law.
5. Apply the principles of work and energy, conservation of energy, impulse and momentum, and conservation of momentum to the solution of engineering problems involving particles and systems of particles.
6. Solve kinematic problems involving the translation and rotation of a rigid body.
7. Solve kinetic problems involving planar translation and rotation of rigid bodies.
8. Apply the principles of work and energy, conservation of energy, impulse and momentum, and conservation of momentum to the solution of engineering problems involving rigid bodies in planar motion.

Student Learning Outcomes Assessment: A pre- and post-test questions will be used to determine the extent of improvement that the students have gained during the semester

Course Evaluation: There will be departmental final exam questions given by all instructors.

Attendance/Student Engagement Policy: Attendance and engagement are the most critical activities for success in this course. The instructor maintains records of the student's attendance and submission of assignments throughout the semester. The student is expected to attend at least eighty percent (80%) of the **total** class meetings **and** submit at least eighty percent (80%) of the **total** class assignments to have the best chance of success. If the student fails to meet these minimum requirements, the instructor may remove the student from the class with an X, upon their discretion, to help the student from harming their GPA. If the student can not receive an X, the instructor will assign an F.

Plagiarism violations include, but are not limited to, the following:

1. Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill;
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or
4. Missing in-text citations.

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion;
2. Discovering the content of an examination before it is given;
3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
4. Entering an office or building to obtain an unfair advantage;
5. Taking an examination for another;
6. Altering grade records;
7. Copying another's work during an examination or on a homework assignment;
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's;
9. Taking pictures of a test, test answers, or someone else's paper.

Student Code of Conduct Policy: Any successful learning experience requires mutual respect from the student and the instructor. Neither the instructor nor the student should be subject to others' rude, disruptive, intimidating, aggressive, or demeaning behavior. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.

South Plains College policies concerning diversity, disabilities, non-discrimination, Title IX Pregnancy Accommodations, and Campus Concealed Carry Statements can be found here: <https://www.southplainscollege.edu/syllabusstatements/>. South Plains College policies, return to campus plan, and protocols regarding COVID-19 can be found here: <https://www.southplainscollege.edu/emergency/covid19-faq.php>.

SPC Bookstore Price Match Guarantee Policy: If you find a lower price on a textbook, the South Plains College bookstore will match that price. The difference will be given to the student on a bookstore gift certificate! The gift certificate can be spent on anything in the store.

If students have already purchased textbooks and then find a better price later, the South Plains College bookstore will price match through the first week of the semester. The student must have a copy of the receipt and the book has to be in stock at the competition at the time of the price match.

The South Plains College bookstore will happily price match BN.com & books on Amazon noted as *ships from and sold by Amazon.com*. Online marketplaces such as *Other Sellers* on Amazon, Amazon's Warehouse Deals, *fulfilled by Amazon*, BN.com Marketplace, and peer-to-peer pricing are not eligible. They will price match the exact textbook, in the same edition and format, including all accompanying materials, like workbooks and CDs.

A textbook is only eligible for price match if it is in stock on a competitor's website at time of the price match request. Additional membership discounts and offers cannot be applied to the student's refund.

Price matching is only available on in-store purchases. Digital books, access codes sold via publisher sites, rentals and special orders are not eligible. Only one price match per title per customer is allowed.

Note: The instructor reserves the right to modify the course syllabus and policies, as well as notify students of any changes, at any point during the semester.
